

Only Our Name is Changing

June 1, 2018

Dear patients:

We are pleased to announce that Upper Bucks Orthopaedics and Sports Medicine has joined Grand View Medical Practices (GMVP), a group of over a dozen primary care and specialty care practices owned by Grand View Health.

Upper Bucks Orthopaedics and Grand View Health have been working side-by-side for decades to keep patients in motion with healthy bones and joints.

By joining the Grand View Medical Practices we will have more support in running the day-to-day operations of our practice, which means we will have more time to spend with you.

Our name will change from Upper Bucks Orthopaedics and Sports Medicine to **Upper Bucks Orthopaedics at Grand View Health**. But that is the only change. Our locations, phone numbers and hours remain the same. And you will see the same physicians and staff that you know so well.

If you have any questions, just ask or call us at 215-257-3700.
Thank you for allowing us to keep you in motion.

Sincerely,

The physicians and staff of Upper Bucks Orthopaedics at Grand View Health
